It is generally conceded that the enterprise began in this city about five years ago, and known as the FARMERS AND MECHANICS' STORE, has met with a success superatheled in the mercantile history of this State, and almost prodigious in its necessary.

The cause underlying this success is not questioned any longer. It is simply this: The people of Oregon having for so long a time been the victims of grasping and nacrupulous deaters, having for so many years been ground under the iron heel of an avaricious guild, have at last had their eyes opened to the fact that their dollar, no less from mylody else's, is worth one hundred caus, and ought, by right, purchase as much as if in the hands of the merchant.

To the FARNERS AND MECHANICS STORE is doe

much as if in the hands of the merchant.

To the FARMERS AND MECHANICS' STORE is due the credit of inving released the people from the oppressive yoke, of having redeemed them from their thraidom, and of having catightened them upon a point so vital to their prosperity. This vexes those merchants who are mable to keep pace with the march of time, who are loft to accommodate therase ves to smaller profits, and who rever forget anything, because they never learn anything, and they cannot help themselves. They are spotted; the people have put the mark on them, while the FARMERS AND MECHANICS STORE has become the how child work in every family in the Stale, and be once the hon child word in every family in the State, and is to them synonymous with honesty, integrity and fair deal-

Is to them synonymous with honesty, integrity and fair deafdealing.

To take advantage of the fair fame of which the FARMERS AND MECHANICS STORE has a right to boast, is something from which their competitors do not shrink. Their
sense of honor does not deter them from stooping so low, and
consequently it often occurs that when a party, for the first
time in this city, happens to fall in their cutches, he is made
to believe, when asking for the FARMERS AND MECHANICS
STORE, that he is just in the place he is holding for. By
every device, chicanery and false representation he is thus
deceived. This has occurred so often that the undersigned,
proprietor of the above mentioned place, finds himself compelled, to notify those who have so long subsisted upon this
disreputable practice, that unless they cense their factics, he
with, though resustantly, seek redress through the proper
channel. He has, in accordance with the provisions of the law
of the State, delivered to and had recorded in the office of the
Secretary of State, the words "FARMERS AND MECHANICS"
STORE. as a THADE MARK, to be used as a sign and desigunition to less store. The undersigned does not propose to submit to an infringement upon his rights any longer. He is not
for a moment so philanthropic as to quality allow others to
reap the benefit of his labov, and, above all, suffer his enstone
ers to be thus imposed upon. He therefore again warms and
notifies all persons so using his Trade Mark in the fatere, that
he will find them strictly tesponsible for the same and proseente them to the extent of the law, which provides as follows:
